Great Natural Curiosity

POOLE'S CAVERN

BUXTON

"The first wonder of the Peak."—Charles Cotton. *Ten minutes walk from the Crescent.*

From an engraving 1850

On leaving the Crescent, take Broad Walk, and Temple Road, which will bring you to the entrance of Poole's Cavern. Cars and coaches may drive to the entrance.

Cave home of the Ancient Briton, Poole's Cavern was the hideout of Poole the Outlaw 1441.

Adorned with Massive Stalactites

In the Cavern may be seen the Poached Eggs. The Famous Constant Drop. The Font. Mary, Queen of Scots' Pillar. The Flitch of Bacon. Delicate Straws and Drapery Formation. The Source of the Derbyshire Wye. The Frozen Waterfall etc.

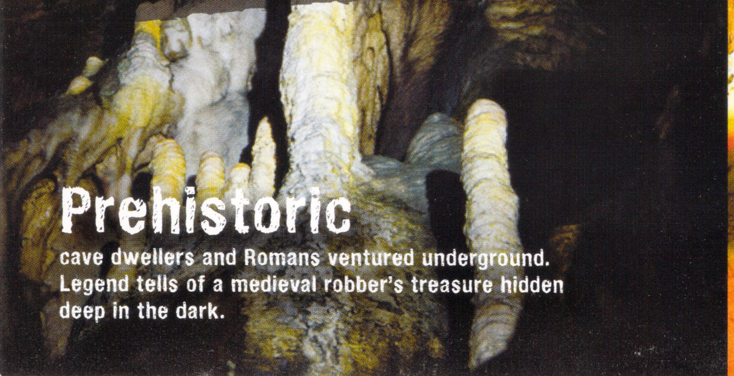
Good clean paths. No climbing or stooping required.

THE MUSEUM in connection with the Cavern contains **RELICS OF THE ROMANS** which have been found in the Cavern at different periods, also a large collection of **OLD ENGLISH CARVINGS**

PRINTED AT THE BUXTON PRESS

A Natural Spectacle!

Venture into these vast water-sculpted limestone caverns. The glistening stalactite and stalagmite formations are regarded as the finest in the Peak District.



Prehistoric

cave dwellers and Romans ventured underground. Legend tells of a medieval robber's treasure hidden deep in the dark.
